

It is important to type because it will help you learn how to type and you will be able to have an email account

Everett Fellenbaum

100

Since if you have really messy handwriting, your teachers might prefer it, or in some cases, require it, if you typed. Also, once you get really good at typing, typing can become faster than writing. Also, it is more convenient if you carried a laptop around, since you might need it for things other than typing. Also, many things are now online, so it would be easier just to go online and type.
