

It is important to type because if we didn't learn how to type the computers would be helpless. We would not be able to connect to our friends and talk to other people. We also would not be able to go on websites because we need to type it in to get on the website.

Dawson Burnham

I think it's important because you need to learn to type in the proper way. Plus if one day you would become a director for movies there a lot of computer effects.

Frankie Collins
